

Perfect Paint – There’s Nothing Like It

Generation Green Perfect Paint is not like the usual acrylic or latex paint. It has a look of its own. A soft flat milk paint look with unbelievable adhesion qualities makes this the perfect basecoat, gesso, primer and/or acrylic paint. Modern technology has made this product a state of the art paint, unrivaled by any other tested. It is full of natural pigments, making one coat coverage easy to achieve and these pigments also give an incredible high degree of durability.

Generation Green offers this unique paint in 12 soft to bold colors.

Artifact Orange
Dark Canyon
Mesa Shadow
Sand

Bright Star
Deep Island Blue
Morning Sky
White Cloud

Black Storm
Fresh Spring
Pale Sunrise
Wildflower

Perfect Paint works as a primer or gesso and as a paint and basecoat. Once it is cured it adheres to almost any surface, tile, terra cotta, wood, glass, Plexiglas, Formica countertops, linoleum, metal, tin, gourds and, when cured, will not peel or scratch off. It leaves a smooth silky flat unique coating when dry. **Generation Green Colorant** may be added to any of the **Perfect Paint** colors, making unique colors and enhancing the existing ones. No need to buy hundreds of different shades of paint. You can glaze over this, stencil, decorative paint or just varnish and/or wax. It is flexible and doesn't crack when dry. Roll, brush or sponge on. It is different than any other paint product on the market.

Use on furniture, canvas, wood, glass, metal, plastic, tin, tile, ceramic, Formica, countertops or Plexiglas.

- Safe for individuals with allergies and sensitivities.
- Safe for individuals bothered by odors.
- Safe for individuals concerned about the environment.

Perfect Paint can be used in :
